

Resolution on the Global Warming submitted by Mr. Wakamatsu, MP from the Japanese Delegation.

The Ninth Annual Meeting of the Asia Pacific Parliamentary Forum,

Recognizing environmental degradation as a global concern which cannot be solved by one nation alone;

Emphasizing that the solution of environmental problems centered on the global warming would bring benefits to all countries;

Recalling the discussions held at the Sixth Session of the Conference of the Parties to the U.N. Framework Convention on Climate Change (COP6);

Resolves to:

Encourage all countries to strengthen cooperation in addressing the solution of global warming through the realization of the agreements at COP6.
